Vigneshwar Lagishetty

Hyderabad, Telangana, India — +91-8464001984 — vigneshwargupta14@gmail.com
LinkedIn — GitHub

Profile

Motivated and detail-oriented **Web Developer** with knowledge of HTML, CSS, JavaScript, Python, SQL, and responsive web design. Experienced in developing web applications, interactive dashboards, user interfaces, and database-driven systems through academic and practical projects. Familiar with frontend development, backend integration, REST APIs, authentication systems, and database management. Interested in building scalable, user-friendly, and efficient web applications. Seeking an entry-level Web Developer or Full Stack Developer opportunity.

Education

Aurora's PG College, Hyderabad *2027 (Expected)*
Master of Computer Applications (MCA) – Pursuing

Aurora's Degree & PG College, Hyderabad *2021–2024*
Bachelor of Science (MPCs) CGPA: 7.5/10

Projects

MSME AI Business Management Platform *HTML, CSS, JavaScript, Python, SQL*

- Designed a web-based platform for managing MSME business operations through customer and owner portals.
- Developed dashboard concepts for inventory, sales, purchases, suppliers, employees, and business reporting.
- Integrated AI chatbot and voice-assistant features into the application design.
- Designed business-management workflows for product tracking, customer support, and automation.

MSME Multi Skill Planner *Python, HTML, CSS, SQL*

- Developed a web application for managing employee information, skills, attendance, and leave records.
- Designed separate dashboard interfaces for workers, staff, and business administrators.
- Implemented employee data forms, search functionality, and management dashboard components.
- Designed attendance summaries, birthday alerts, and leave-tracking workflows.

VoiceBiz – AI Customer Support Platform *Python, Web APIs, AI*

- Designed an AI-powered customer-support platform for multiple businesses and retail stores.
- Developed web-interface concepts for business registration, owner dashboards, and customer interactions.
- Designed AI voice-agent workflows to answer customer questions about products, services, and availability.

E-Commerce Website – Satyajaya Textiles *HTML, CSS, JavaScript*

- Designed a responsive e-commerce website for displaying textile products.
- Developed storefront, product-listing, shopping-cart, and checkout-interface concepts.
- Designed order-tracking and admin-dashboard workflows for product management.

ERP Management System *HTML, CSS, JavaScript, Python, SQL*

- Developed an ERP-style web application to centralize business operations, records, and reporting.
- Designed modules for employee management, inventory, sales, purchases, and role-based user access.
- Created dashboard and database workflows to improve data tracking and operational visibility.

PlantDoctor – Plant Disease Detection Platform *Python, HTML, CSS, JavaScript, AI*

- Designed a web platform to help users identify plant health issues and access care guidance.
- Created user-interface flows for uploading plant images, viewing predicted conditions, and receiving recommendations.
- Integrated AI-based disease-detection concepts with a responsive, user-friendly web interface.

Social Media Automation Platform *Python, JavaScript, Web APIs, HTML, CSS*

- Developed a web-based platform for scheduling and managing social-media content.
- Designed dashboard workflows for creating posts, selecting platforms, setting schedules, and tracking campaign activity.
- Integrated social-media API concepts to automate publishing, content management, and engagement tracking.

Technical Skills

Frontend Development:	HTML5, CSS3, JavaScript, Responsive Web Design, React.js (Basics)
Backend Development:	Python, Java (Basics), REST API Concepts
Databases:	SQL, MySQL, PostgreSQL
Web Development:	Web Applications, UI Design, Forms, Authentication Concepts, API Integration
Tools & Platforms:	Visual Studio Code, GitHub, Streamlit, Jupyter Notebook
Additional Skills:	Problem Solving, Debugging, Database Management, Dashboard Development

Certifications & Achievements

- MSME Multi Skill Planner – Project Certification.
- VoiceBiz AI Customer Support Platform – Project Certification.
- PlantDoctor Plant Disease Detection Platform – Project Certification.
- Deloitte – Data Analytics Job Simulation.
- Tata – GenAI Powered Data Analytics Job Simulation, 2026.
- Q-Spiders – Java and SQL Certification.
